## **NOTICE TO CONTRACTORS**

1. Effective January 15, 2014, school districts in California that use any state funds to finance the construction of their local schools will be required to prequalify the general contractors, electrical contractors, and plumbing contracts (MEP) that seek to bid or negotiate a district's construction projects. (Public Contract Code section 20111.6) Mechanical, electrical, and plumbing contractors subject to this requirement are those with any of the following license classifications: C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43, and C-46. AB 1565 was passed in 2012, and it takes effect for all projects awarded after January 15, 2014. School districts with average daily student attendance of 2,500 or less, and projects that have a projected expenditure of \$1,000,000 or less are exempted from AB1565.
2. It is mandatory that all General Contractors, Mechanical/Plumbing Subcontractors and Electrical Subcontractors fully complete each part of this Prequalification questionnaire, provide all materials requested herein, and be approved by the District in order to bid on any District construction projects that are projected to exceed an expenditure of \$1,000,000.
3. If two or more businesses intend to perform a construction project as a joint venture, each entity within the Joint Venture must be separately qualified.

## **FILING OF PREQUALIFICATION SUBMITTALS**

A Contractor or Subcontractor seeking prequalification must provide (1) copies of the fully completed Prequalification questionnaire in a sealed package.

Name  
Address  
Etc...

Prequalification packages may be obtained from the District's website under Departments-Business Services at:

[GUSD.ORG](http://GUSD.ORG)

Prequalification questionnaires must be submitted to the District 30 days prior to bidding on any District project or within 5 days of the advertisement for bid of a project.

## **NOTICE OF DETERMINATION**

The District will issue the Notification of Determination within 5 business days of the Contractors/Subcontractors submission of the Prequalification Questionnaire.

Contractors/Subcontractors that submit a Prequalification questionnaire will be notified in a Notice of Determination regarding their firm's status, whether or not they are prequalified to bid, or provide sub-bids on District projects projected to exceed and expenditure of \$1,000,000 or more. Notification concerning the project size limit the contractor/Subcontractor has qualified for will also be included in the determination.

The DISTRICT will deliver a written Notice of Determination to each Contractor that has submitted a Prequalification Questionnaire. If the DISTRICT determines a Contractor is not qualified or responsible to bid, the Contractor shall also notify the Contractor of the basis of the determination and any supporting evidence obtained from the Third parties or through investigation.

## **TERM OF PREQUALIFICATION**

The term of the Prequalification is 12 months from the date of the District's notice to the applicant. The applicant may renew the prequalification by filing and updated Prequalification Questionnaire via the process in effect at the time.

To bid on a District project subject to the Prequalification Requirement, the applicant must be prequalified on the day bids are accepted. If the District delays the initial bid day for a project to a date after the expiration of the applicant prequalification term, the applicant is nonetheless prequalified for that specific project

**End of Notice**

## **APPEALS PROCEDURE**

The following procedures apply when an applicant that is denied prequalification wishes to challenge that denial.

An applicant that is denied prequalification has the right to appeal that denial unless the applicant failed to complete the Prequalification Questionnaire and provide the documents identified in the Prequalification Questionnaire.

Contractor's costs for the appeal shall be undertaken at the Contractor's expense.

The Contractor initiates an appeal by delivering to the DISTRICT a written notice requesting a hearing and setting forth in general terms the basis of the appeal. The Contractor must deliver the written notice to the same location that is delivered the Prequalification Submittal. The Contractor must deliver such written notice within 5 business days following the date of the DISTRICT's Notice that the District denied prequalification. The Contractor waives its right to appeal the DISTRICT's decision if it fails to deliver the notice within 5 business days.

The Superintendent for the Gridley Unified School District, or their designee, will conduct a hearing on the appeal no later than 5 business days following the Contractor's delivery of the written notice of appeal. The hearing conducted by the Superintendent will be informal and is not an evidentiary hearing. At the hearing, the Contractor will be given the opportunity to present information and reasons in opposition to the DISTRICT's determination. The Superintendent will consider all evidence, information and arguments submitted by the Contractor relevant to the DISTRICT's determination, the DISTRICT's response to such evidence, information, and arguments, and any other information the Superintendent deems relevant.

Within 5 business days following the hearing, the Superintendent or their designee, will provide a written decision whether the Contractor is qualified or not qualified. The written decision is the final determination of the issue, and the Contractor shall have no further administrative appeals.

The procedure and time limits set forth above are mandatory and the Contractor's sole and exclusive remedy in the event of protest. Failure to comply with these procedures shall constitute a waiver of any right to pursue the protest, including filing a Government Code claim or legal proceedings.

## **End of Appeals Procedure**

## **PUBLIC RECORD**

State law requires that the names of contractors applying for pre-qualification status shall be public records subject to disclosure. Other than this, the prequalification package (questionnaire answers and financial statements) submitted by the Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, all contents may be disclosed to third parties for purposes of verification, investigation of allegations of falsification or wrongdoing, or in any appeal hearing or in connection with any claim or legal proceeding.

## **End of Introduction**

2 points for any other EMR

6. Has there been any occasion during the last 5 years on which your firm was required to pay either back wages or penalties for your own firm's failure to comply with any state or local prevailing wage laws?

NOTE: This question refers only to your own firm's violation of prevailing wage laws, not to violations of the prevailing wage laws by a subcontractor.

\_\_\_\_\_ Yes      \_\_\_\_\_ No

If you answer is "Yes," then state how many times this has occurred in total: \_\_\_\_\_

3 points for either "No" or "Yes" indicating either 1 or 2 such instance.

2 points for "Yes" indicating 3 such instances.

0 points for "Yes" if more than 3 such instances.

**End of Part IV-B**

## Part V. Experience. Recent Similar & Recent Construction Projects.

(Please note this section also deals with the size of your projects your firm may bid!)

Part V is an opportunity for your firm to show recent and relevant construction experience. The experience you submit will be used in two ways, The first is that your firm must score a minimum of 26 points out of a possible 40 points to meet the basic prequalification criteria. The second is that the experience you submit, combined with your bonding and financial information, will be used by the District to determine the size (based on dollar value) of the projects you will be allowed to bid.

Part V includes Project Data Sheets for up to eight projects. There is a maximum 40 points. To qualify, your firm must score a minimum 26 points. Projects are scored per the following:

5 POINTS for each construction project your firm has completed during the past six years that required Department of State Architect (DSA) approval. Names and references must be current and verifiable.

4 POINTS for each public works construction project your firm has completed over the past six years. Names and references must be current and verifiable.

3 POINTS for each private works construction project your firm has completed over the past six years. Names and references must be current and verifiable.

General Contractors shall submit only on projects in which the firm held the contract with the owner (i.e. public or private entity)

Mechanical, Plumbing, and Electrical Contractors must submit projects in which the firm served as lead contractor for the craft (i.e. Mechanical, Plumbing, or Electrical). They also must submit the verifiable prime contractor or construction manager for each project.

The dollar value for all projects shall be based upon the General Contractors contract amount.
