2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The Esperanza High School staff recognizes that each student possesses unique skills, abilities and talents. Our goal is to help students become respectful, responsible individuals while developing a lifelong passion for knowledge. Learning at Esperanza is a combined effort involving students, family, community, and school. Together we strive to provide a positive learning experience in an emotionally safe atmosphere. Instruction at Esperanza imparts knowledge while it develops critical thinking and problem solving skills. Students are helped to identify their strengths, maximize their potential, and encouraged to become productive members of our society. The mission of Esperanza Alternative High School is to provide students with a nurturing learning environment that promotes academic achievement, fosters personal growth, respect for the rights and diversity of others, and cultivates the attitude, skills and values necessary for students to become lifelong learners, responsible citizens, and productive members of society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Esperanza Continuation High School classrooms and facilities are maintained in good condition. The property is leased, but the district maintains responsibility for majority of repairs and upkeep.

The building recently underwent a remodel which included fixing roof leaks, added new offices, sealing floors, adding new lighting and base boards, and repairing the HVAC . Site leadership and staff care about the success for their students and provide an environment conducive to learning.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

2020-21 Career Technical Education Programs

Gridley Unified offers a slate of CTE education through its Gridley High School Campus. Esperanza does not receive Career Technical Education funding, although the majority of our students take the ASVAB test for post-secondary career and educational readiness and evaluation of opportunities. With the adoption of Edgenuity Online Learning Systems, our students are able to access a wide variety of CTE courses to meet elective requirements. Our Master Schedule focuses on College and Career Readiness for Seniors in direct instruction model elective course focusing on skill development in CCR. Various guest speakers and field trips are planned throughout the year to visit colleges, trade schools, employment possibilities, etc; both juniors and seniors participate. Additionally, our school counselor provides college and career exploration with each student.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent and community involvement is an ongoing focus for Esperanza High School. Parent participation is encouraged and welcomed at any time. Esperanza holds an annual mandatory parent and student orientation meeting for new students to review the program, student expectations, answer questions, and introduce staff. Additionally, parents are an integral

2021-22 Opportunities for Parental Involvement

participant in the interview that is conducted for every student as they enroll in the program.

Esperanza has an active School Site Council (SSC) in partnership with Gridley High School. We encourage parents to attend our School Site Council, as well as the district LCAP parent advisory committee and the District English Learners Advisory Council (DELAC). Additionally, we offer parent presentations through the year on various topics, such as supports for undocumented students.

Parents are encouraged to participate in the AERIES Parent Portal, which allows parents to follow their student's progress online. School staff, counselors and administration contact parents to discuss successes and challenges both academically and behaviorally in order to develop strategies to increase student success. At the end of every grading period an updated transcript is sent home to indicate student progress.

Additionally, Esperanza has a website that contains up-to-date information on upcoming events . Through the use of an automatic dialer /messenger system, parents are contacted daily regarding their student's attendance, and the system is also used for school information. Parents who wish to become active partners at Esperanza may call the main office for more specific information.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.04	0.14	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

CA Ed code 3542.6 requires that each school adopt a comprehensive safety plan and thereafter review the plan yearly. Safety plans were board approved in March, after School Site Council review and approval in February. A disaster preparedness plan is in place on the school campus. It is intended for the use of school employees to provide guidance and assistance in emergency situations and to ensure the safety and welfare of all students and staff. Copies of the Disaster Preparedness Plan are placed in all classrooms and offices. The plan is available in the Alternative Education main office for parents and members of the community. Both staff and students participate in regularly scheduled safety meetings throughout the school year: fire, earthquake, general evacuation, intruder on campus, injury, etc. In addition, the district now utilizes Catapult Emergency Management Systems, and all staff have been trained on it's use, with ongoing training scheduled throughout the year.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

Esperanza receives categorical funds from Title I, Title II, Title III and Supplemental/Concentration (LCAP). These monies are used to provide staff development, rent school facilities, programs and curriculum to increase student outcomes, and to provide staffing for targeted interventions. This year we funded the addition of another teacher position, and a full-time school counselor. In addition to funding the online credit recovery program, new supplemental curriculum was funded, along with school field trips and classroom presenters.

2019-20 Teacher and Administrative Salaries

Professional Development

Prior to the first day of school, the district conducts three days of targeted staff development. Periodically during the year, staff workshops are conducted to address student outcomes, academic successes and areas of concern. In August 2020, Esperanza teachers participated in Summer Bootcamp, an additional two days specifically targeting the at-risk student population we serve with social/emotional and academic support, and integration of Common Core instruction. Staff also received training and 1:1 coaching in the area of technology, including Edgenuity, google classroom and use of document cameras and zoom. Throughout the year, early-release Wednesday afternoons are use as ongoing staff development. In May of 2018, Esperanza was granted a full 6-year accreditation from WASC, and ongoing PD supports the three-year follow-up plan as well.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
